HAMMOND ROTARY CHARTERED
MAY 1, 1920

Meeting Notes From APRIL 21, 2009

President Judith Walker called the meeting to order early because we had student guests from RYLA (Rotary Youth Leadership Academy) and Morton Marcus the economist as our main speaker. Judge James Richards and Dean Sangalis were guests.

Jim Prisby reported on the Hammond Rotary/YMCA Joint Golf Outing to be held in July at the Lost March Golf Course and Club House. The proceeds will help raise funds for a new playground at the Hammond YMCA. Jim Lopatko-wicz has agreed to help out the day of the event by printing sponsor signs at his place of employment American Printing.

Hans Enderlin reported that Ed McHie has moved with his spouse Betty to Denton Maryland.

It was pointed out that the Times ran an article about Rotary Awareness Month by out ling various local chapters including Hammond Rotary and some of their major projects past and future on April 20th.

Nancy Machinkowski introduced our four high school Students from Morton and Clark High Schools. Morton's Students were Nick Bougukey, Bethany Greer, Emily Weinig, Patricia Moya attended Clark High. They were accompanied by Jim Geroucki and Mrs. Rabey from the School City of Hammond. Each of the four students had

Is it the TRUTH?

Is it FAIR to all concerned?

Will it build GOODWILL and BETTER FRIENDSHIPS?

Will it be BENEFICIAL to all concerned?

brief prepared remarks about the value of their experience at the leadership school, then they answered questions from the audience.

Dr. Morton Marcus the well known economist from the Indiana University Business School was the main speaker. As usual he did not disappoint and give a boring lecture about economics. The main thrust in his lecture was how the United States laws encouraging home ownership did not always produce the desired affect. Basically his opinion was that neighborhoods should change residents regularly in order to stay vital. He also felt that our laws beginning with the Homestead Act actually destroyed small towns by dispersing the population all over the countryside. In Europe the farmers live in town and "commute" to their farms, creating a better utilization of the lands productivity. Europes' typical farm was all devoted to production.

Thank you to Jeff Oesterle for providing the meeting notes and to Jim McNabney for the attendance figures.
